

## Chocolate Nutella Cake

Cake. Yes.

Frosting. Yes.

Chocolate. Yes.

Nutella. Hell yes.

Ferrero Rocher Garnish.

“It really is quite a simple cake, I haven't done anything unusual to the recipe or swapped any ingredients, it is what it is, and what that is, is a rich and dense Devil's Food Cake sandwiched together with Italy's best export since my friend Giuseppe, Nutella, which is then frosted with a dark and white chocolate buttercream, all nicely blended on the sides, and topped off with some nutty balls ie. Ferrero Rocher. ” — [mandy mortimer's blog](#)
