intelligent ultrasonic solutions

## UFM5000

Intelligent Standard Ultrasonic Food Cutting

- Cheersonic ultrasonic cutting achieve non friction, no pressure cutting mode
- It can cut sticky food such as creamy jam smooth and beautiful without sticking knife
- Simple and fast product positioning, omni-directional cutting according to the needs
- The cutting product can be automatically positioned and slitting according to the pre-entered parameters.

Round Portion Mode	Slice Mode	Rectangle Cut Into Square	Rectangular Cut Into Triangle

The device has four cutting modes, including round portion mode, slice mode, rectangle cut into square mode, rectangular cut into triangle mode. The working speed and angle parameters are adjustable.

It can be used for the round, rectangular and other shapes of bread, cakes, pizza and other baked goods for a variety shapes cutting function.

## UFM5000 Cheersonic Intelligent Standard Ultrasonic Food Cutting

UFM5000 Cheersonic intelligent standard ultrasonic food cutting is a fully automatic high-performance food cutting equipment with multiaxis standard control system. The actual food production can fixed positioning and complete all operation automatically according to the need. In this way , it maximize the benefits with the most economical purchase.

- Ultrasonic Parameters
- User Interface
- Button Area
- Multiaxis High - Precision Sports Device
- Ultrasonic Cutting Blade
- Main Power Switch

Type	UFM5000
Working Voltage	220v
Rated Power	5Kw
Machine Size	1300 x 1300 x 1800mm
Total Weight	480kg
Effective Cutting Height	60mm/80mm
Single Cut Width	300mm

Control System	Independent development of multiaxis control system
Multiaxis displacement driving device	Servo motor - precise positioning, multi-cutting position optional
Automatic up and down drive	Servo motor - multi-stage variable speed, adjustable cutting speed
Safety protection grating	Infrared sensor protection device to protect the safety of operators
Intelligent touch screen panel	Friendly interpersonal interface, automatic mode, jog mode optional, all kinds of cutting options, the system comes with password system protection
Ultrasonic cutting blade	Titanium alloy material, blade optional, can be rotated at any angle
Ultrasonic generator	Automatic tracking, real-time tracking the frequency of ultrasonic cutting blade
